Alright but how does this relate to Al language models understanding multiple different language? Woll you see all this fine tuning is typically done entriefy in English and you when Polish the tuning is no bypassed and instead the Al language model follows the English rules. Thus the Al actually	program is just copying parts it has stored and combining them together. Now obviously this weeppoint completely wrong for the reasons I have already said but it is still a common sentiment. Now you may be saying to yourselt. "So what? But this attude is the heart of the problem because whenever A1 reaches a new level of intelligence the skeptes: move the goalpost and say it is not actually intelligence. As AI models get larger and more complex they are effectively becoming black boxies where we don't kenn know how they get a function but due to the vast sizes of large AI models we are unable to see things from the AI's point of view. The answer to the so-called argument above is that humans do the same thing. We take in incomprehensible amounts of data from when we are born to when we die. Chapter 3.19: Future Outlook	So now to understand how powerful artificial super intelligence will be I will go through the four different types of power oddined above in relation to ASI: 1.1 – Military Power	My point is that the kind of ASI I am taking about will have no equal on earth. It will quite literally be better than every human in the entire work at everything. Despite everything I have said so far concerning artificial instilgence you may still be preoccupied with the errors that AI currently makes so that you do not believe that they can be called real intelligence. For example you may see the fact that AI	they see AI as nothing more than limited statistical algorithms trained on large amounts of data or a stochastic parrot. A stochastic parrot is just something that repeats whatever it has learned in an unpredictable war.	When an artificial super intelligence arises and destroys humanity's very sense of self worth and importance, what do you think is obligated as they are now faced with their own insignificance. But there will be one work will provide all the sense. The wery being the caused are inside anow. The wery being the caused are inside anow. The wery being the caused are inside the first place, the artificial sequer intelligence.	What does the future hold? Of course only God knows. That said I think we can make some estimates for when AI should be self- aware.	Just like how basic Als have been unbeatable at chess for over twenty years now, a real Al would be unbeatable in war. Net only would it have a more strategic mind but it would also have access to orders of magnitude more information than us; and it would be able to	Who could manage a company better than an entry that literally knows evenything there is? This is because current AI models like large language models are still extremely dangerous even though hery are not saff- await so that they possess any agency. Now you may doubt this fact but the reason why it does not seem like a big deal right now is because they are not widespread.	So for instance if someone working for a company gets an idea that they think is a good idea but in reality is is a very bad idea then their seemingly good idea will be critiqued by their cowheres and management. Then if they still think it is a good idea management will gut the bakes on it and	new cylinder is exactly livice as large? The ASI would of course serve as a therapist for billions as if gives people's lives new meaning and pulpose. This single system will then be able to tell whatever lies or untruth it wants to and we will have no way to know it is failse because we rely on this system to determine what is true and what is failse. Vou can see this in the Gozpels where the as called Jows are shocked at Jesus even speaking to prostitutes So the point is that prostitutes are highly detestable because of this prostitution is a highly detestable action	Merchants in the Temple - Parable of the slave owner giving some of his slaves flood for free to feed his other slaves while his away - The slaves given the food turn around and seek to benefit from the give by selling the food	 On the other hand the word transition as forgive is aphietin (depiyu) in the NT - Asking God not to hold the sins of those who sin against you against them. See Stephen in Acts
This would then be why the Old Testament, chiefly the Book of Ezekkei, refers to ancient Israel committing idelary and chasing after foreign nations as being prostitution with ancient Israel being a prostitute	Salar to dentain norm and gin by saling the rood to others - As a result some of the slaves who cannot afford to buy the food starve to death - What will the slave owner do when he returns? - Jesus says not to take a coin pouch in the context of a worker's is worthy of his wages	"What is Sin?" - Talk about what sin is . Define the works translated as sin
The idea there is that what ancient Israel was doing was highly detestable in nature or rather like prostitution	context of a worker is worthy of his wages	Deline the Wolds inarbitated as set Transgression https://biblehub.com/greek/266.htm
respect to the New Testament the authors of the New Testament modeled their works after usage of pomeia in the Septuagint - Cite Jesus talking about diverce and pomeia - John 8-11	Something about politics and how politics is most people's primary belief system? - Ezekkel, prostitution, Egypt, etc	2222 - Gospel of Thomas is not authentic because is says the Kingdom of God is a state of being rather than something that will come

- "We of prostitution not have been born; one Father we have God. - The nations were seen as highly detestable and unclean. As evidence of this see how the Hotnews nearct to foreigners in the Gospet-Netreevs were not subpoord to even associate with those of the nations.	 It is up to the world to heed the worlds of this book I may write a second edition but for now this is all there is 	Every time someone sells a book for a profit they choose to worship money over God
those of the nations. Therefore the idea here is that the so-called Jews are saying that they have not been born from what is highly dotestable, the nations, and instead that they have been born of God.	"Why Only God is Good" - No objective morality - Multiple competing viewpoints	7 - Closing - My first book that I have written

to dispute this then you are saying that Jacus is saying that those who divorte their setal killer spouse who has demounced their setal adultary while those who divorte the spouso during while those who divorte the spouso drunk and many another have done nothing wrong.	https://en.wikipedia.org/wiki/ Woes_of_the_Pharisetes	
 In other words the only way what Jesus says makes any sense is if porneia refers to highly detestable sin in general, which would include adultery, rather than just sex outside of marriage alone 	- El and Yahweh???	
Need to make sure 1 talk about how Paul whoth how we do not need to follow the Law and that all you need is the target of the target - Having it be immoral to show female ripples but not make ripples is thyportical. Need to include int he section on pomography. What about foo testishes? Or any other festishes?	Look into the Greek words translated as "sin" - Multiple words? - What is their true meaning?

 Prostitutes Prostitutes ence the serve that no ene would want to marry a well used woman who has had sex with many people The idea here is that a prostitute is highly detestable 		
because of this fact engaging in prostitution was highly detestable such that everyone else look down upon prostitutes (see Gospels for evidence)	Genesis - Compare God actually creating the earth 6,000 years ago even though it appears billions of years old to an author writing a book. The lidea here is that when an author	
when the New Testament authors call a class of people prostitutes or call an act prostitution they are saying that the people or the act are highly detestable in nature just like how an actual prostitute is detestable in nature	Genesis - Compare God actually creating the earth 6.000 years ago even though It Appends be a set of the set of the set of the book.  Porneia cannot mean sexual immorality on the basis that most people having sex before marriage are engaging in prostitution because prostitution was never a sin in the Old Testament Pomeia 		
Porneia Woman on top being popular in Rome would be what Paul is talking about by saying their women are having urinatural desires	"How Scripture Works" - Romans 10:5-7 cites Deuteronomy 30:12-13 - Makes no sense and really there is no way	
 Paul might not like male bedders because he saw them as dishonoring those they were having sex with 	 Makes no sense and really there is no way the obtation works without the most liberal interpretation possible 	
 Porneia = prostitution = something disgusting 	"Forgiveness" - Jesus says we should always forgive our brother	
	 At the same time Jesus says to treat those who sin against you with their sin confirmed by others as anostates 	
Marriage and Divorce - Need to talk about if it is ok to marry someone who is divorced or not	-) Does this mean that always forgiving your brother who sins against you refers to something minor while treating your brother as an apostable in the case of sin refers to something major?	
 Does Jesus say divorce is wrong in the context of divorcing and marrying another because by marrying another after getting divorced you democristrate that you bot divorced to get a more attractive spouse rather than for a real reason? 	 https://biblehub.com/greek/863.htm let on send away release (discharge) 	
divorced to get a more attractive spouse rather than for a real reason? - "It has also been said, "Whoever divorces his wife must give her a certificate of divorce." But	Need to look into the meaning of the Greek word that is translated as forgive Jesus gives the parable of the 10,000 takents. Does this mean that torgiving your brother 77 bines relates to your brother never paying you back?	
 "It has also been said, "Wheever divorces his wife must give her a certificate of divorce." But I tell you that anyone who divorces his wife, spoot file, and the who reality is a divated woman commits adultery." (Matthew 5:31-32) - Jeremiah 3:8 	 Jesus also says divorce is fine in the case of pomeia. Does this then mean that you do not have to pretend things never happened when
